Helping People Live Better Lives

"With the Eurotech SwissTurn machine, the parts process runs complete and unmanned in just one operation. The accuracy and capability of this machine - not to mention Eurotech's level of service and knowledge about what this machine can accomplish, impressed us a great deal." -- Mike Bellone, Owner of Pioneer

Eurotech
SwissTurn Blitz

 **BENCHEL TOOL INC**

"The accuracy, rigidity of the Eurotech SwissTurn is awesome and it holds amazing tolerances. We are holding tolerances of .0002 and we love the B-axis capability"
- Paul Ott, Owner of Ott Brothers Machine

CUTTING EDGE TECHNOLOGY

When Precision Counts!

"We are a provider to the most demanding industries - including medical. With Eurotech's machine our parts went from 7 ops to 1 op., set up time was greatly reduced and often eliminated altogether. We not only reduced our operations, but we inspect a complete part 1 time instead of a partial part 7 times."

- Bill Schmidt, President of Fabco-AirBrothers Machine

Pioneer
Machine Co.

"We were making the part in 360 seconds on our generic brand; with Eurotech we are making it complete in under 150 seconds with far better accuracy and throughput. The Eurotech exceeded our expectations!"

- Steve Thiele of Bradhart Products, Brighton, MI

Eurotech SwissTurn ZEIT Swiss-Type CNC -
9-axis and up to 42 mm, with 2 Y-axes,
B-axis, C-axis and sub-spindle.
