

RAPIDO B438-Y2

11 AXIS TURN/MILL CENTER, 3 TOOLS IN THE CUT

"We have several Swiss-type machines and larger Eurotech machines, the Rapido fills the gap between the two sizes. It is the perfect machine for parts from 20 mm to 38 mm diameter... and its Scary Fast!"

**- Dave Fricke,
Millenium Mfg.**

"Before Eurotech, our cycle time was 20-30 minutes. Eurotech took that to 6-7 minutes (handling included).

That's over 75% savings! We are making parts even faster than Eurotech estimated. We own six now!"

**- Troy Jones,
Accratronics Seals Corp.**

EUROTECH
RUNS FASTER, SLEEPS LESS!
